Vintage. Paperback. Book Condition: New. Paperback. 224 pages. Dimensions: 7.2in. x 4.3in. x 0.7in. A provocative and enduring work that reexamines humanity's place in the natural world -- and the spirit's relation to the flesh -- in the light of Chinese Taoism. That human beings stand separate from a nature that must be controlled, that the mind is somehow superior to the body, and that all sexuality entails a seduction -- a danger and a problem -- are all assumptions upon which much of Western thought and culture is based. And all of them in some way underlie our exploitation of the earth, our distrust of emotion, and our loneliness and reluctance to love. Few books have challenged those assumptions as directly as this erudite and engaging work by the author of *The Way of Zen*. Drawing on the precepts of Taoism, Alan Watts offers an alternative vision of man and the universe -- one in which the distinctions between self and other, spirit and matter give way to a more holistic way of seeing. *Nature, Man and Woman* is a book of great elegance and far-reaching implication -- one of those rare texts that can change the way we think, feel, and love. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
