Stunt has gathered a range of his essays, both published and unpublished in a collection of largely biographical studies. His subjects range from discontented Quakers hesitating over their identity, to respectable Anglicans who were fascinated with the charismatic phenomena of tongue speaking and healing. Some of the characters with whom he is concerned can be described as mavericks on account of their strikingly individualist inclinations. Occasionally their unpredictability takes on a quasi-comic identity, which could even qualify them to be described as loose cannons. Religious history is often written from the perspective of the big battalions and Stunt s lively and deeply researched book offsets this bias by rescuing from near oblivion...
