Createspace, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In a small college town in Middle America, the passion in men s hearts has something evil, something good brewing. The sequence of events here within these pages takes place about a decade into the future. Call it a science future story. It involves undying love, murder, greed and good old American ingenuity. Some let destiny shape their lives. Others shape the destiny of the World where everyone else reside. Dr. Karl Limbaugh, University Chancellor, Hospital Administrator and now Mayor of Charlotte Town, had just taken another step in his quest for control of his space. While he was standing at the podium claiming electoral victory and feeling ever more powerful, his euphoria was broken. As his speech was coming to a close, a beautiful woman, one of his patients, made her way towards the exit of the auditorium. His eyes couldn t help but follow as lust filled his heart. She, like other University Faculty had done her obligation by attending the gala for a few minutes and yes, she was also a Professor. But on this night Miss Hewes was rocking to an old grove playing in her ears. Professor and head of Mimic Polymorphic Genetic Engineering, Dr. Christopher Andrews has a thing for fellow Professor Angela G. Hewes. His is the science of genetically engineering a recombinant substrate, a fast growing mushroom/jellyfish/kelp hybrid, which is induced to mimic the physical attributes of other living organisms. Miss. Hewes teaches and studies the genetics and mechanics of the physical brain and its four major brain wave components and their sub sets. Her focus is on emotions, desires and thoughts, specializing in understanding and mapping the transmission and...
