Includes A Note on the Sources; and Index. ~Book is clean, tight. Dust jacket is crisp, bright, not price-clipped."Great stories have been told in recent years about the exploration of the rooftops of the world (South and North Poles.) In this book, we shall recount tales of the Equator . . . some of the most exciting, adventurous, surprising, and paradoxical tales from the Line. Along this line in the sand and the water, across the mountains and through the great lakes and rivers, went some of the great explorers, dreamers, con artists, and lunatics of history. . . The stories reach back to the earliest times, tales of giant birds seizing elephants to feed to their young, boiling seas under a noonday sun, the riches of Punt and Ophir, and strange narratives of huge benevolent serpents and floating dragon-islands. These legends of the Equator make way for historical accounts only slightly less fantastic and evocative . . . The tales of the Equator often seem to involve obsessive quests: for the lost Dr. Livingstone, for the elusive Westward Passage, for the long-suffering people of Riobamba . . . some of them are less stark, and certainly the story of Robert Louis Stevenson's extended stay on the Gilbert Islands is one of the most enchanting. . . In any case, here they are: tales of the Equator, a treasury of amazing stories, linked by the longest and most central line on Earth." --from the Introduction. 8...
