There was a personal interview to get the teller s own tale; then the writing, the object being to act as the soldier s other self; and finally the submission to him of the typescript, so that he could revise and become responsible for the completed work. In dealing with these records I have tried to be a faithful interpreter or reproducer of a tale that has been told to me. I have invited a man to tell his story as it came into his mind, and to look upon me simply as a means of putting it into concrete and coherent form, and as a medium between himself and the reader. The greatest difficulty that had to be overcome was a narrator s reluctance to speak of his own achievements, though he never failed to wax enthusiastic when telling of the doings of his comrades. Nothing has left a deeper impression on my mind than the generous praise which a gunner, say, has bestowed upon the infantry, and the blessings that the infantry have invoked upon the gunners. Never in any of Great Britain s wars has there been such an exhibition of universal esprit de corps as we have witnessed in this stupendous conflict between civilisation and freedom and cultured barbarism and tyranny.
