Brand New Book ***** Print on Demand *****.America was formed based on a vision of democracy where supreme power is supposed to be vested in the people. In We the Who? author Brett H. Lewis asks if Americans are losing sight of who we the people are and, more importantly, who we need to be in order to regain our collective identity and ensure America s continued growth and greatness.We the Who? presents a collection of essays and opinions that probe into the nuts and bolts of current issues facing America today. Lewis tackles the subjects of classism, racism, justice, politics, the military, and the economy. Through these discussions, he encourages the American populace to be alert and aware to ensure that government of the people, by the people, and for the people continues to be at the forefront of today s America.Drawing from history, logic, social inclinations, religious beliefs, and personal experiences, We the Who? seeks to inform the public and to encourage them to ask questions, express opinions, and hold elected leaders accountable. It communicates the necessity to be informed in order to make quality decisions about our lives.
