In this world there are two types of people: those able to fix whatever goes bust, and those who beg the first group for help when something breaks. This guide gives anyone the basics to tackle those frustrating quandaries that crop up in the house: plumbing problems, appliance failures, computer and electronics breakdowns, pest infestations and furniture in need of renewal. The predicaments range from the serious to the merely annoying, but everyone is cause for concern. So, whether the issue is a fast repair for a running toilet or leaking pipe, or a simple, inexpensive way to stop deer from pillaging the garden, it s all in here.
