

Global Plan of Action: For the Conservation, Sustainable Use and Development of Forest Genetic Resources

By Food and Agriculture Organization of the United Nations

Food & Agriculture Organization of the United Nations (FAO). Paperback / softback. Book Condition: new. BRAND NEW, Global Plan of Action: For the Conservation, Sustainable Use and Development of Forest Genetic Resources, Food and Agriculture Organization of the United Nations, Forest genetic resources (FGR) are the heritable materials maintained within and among tree and other woody plant species that are of actual or potential economic, environmental, scientific or societal value. They are crucial to the adaptation and protection of our ecosystems, landscapes and production systems, yet are subject to increasing pressures and unsustainable use. At its 11th session in June 2007, the Commission on Genetic Resources for Food and Agriculture emphasized the urgent need to conserve and sustainably use FGR, and included a report on The State of the World's Forest Genetic Resources in its Multi-Year Programme of Work. On the basis of the information and knowledge compiled by FAO for The State of World's Forest Genetic Resources, the Commission developed the Global Plan of Action for the Conservation, Sustainable Use and Development of Forest Genetic Resources, adopted by the FAO Conference at its 38th session in June 2013. This Global Plan of Action identifies 27 strategic priorities grouped...
