Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1897 Excerpt: .in the case of surface streams, the law was clear, righteous and intelligible, the law relating to underground water required some amendment. The facts upon which the geological aspect of this particular case were based were set forth, 1 Engineering, vol. lxiii. p. 835; The Contract Journal, vol. xxxvi. pp. 985 and 1026; The Journal of Gat Lighting, vol. lxi. p. 1240. THE INST. C.E. VOL. CXXX. p and the question of the amount of the percolation of the rainfall into the pebble-bed area was discussed. Another controversial question concerned the distance apart at which wells in the red sandstone might affect the water-levels in each other by pumping. The result of the protracted fight, which occupied nineteen days, was that the Nottingham Corporation were defeated in respect of two of their proposed wells, and the Newark Corporation acquired possession, not of the zone of protection,...

Reviews

Completely essential read ebook. It is among the most awesome book i actually have read. I am very happy to explain how this is basically the greatest book i actually have read in my individual existence and might be he best pdf for possibly.

-- Prof. Alexandro Runolfsson

This written book is great. I am quite late in start reading this one, but better then never. You will not really feel monotony at at any moment of your time (that's what catalogues are for about when you check with me).

-- Abe Reichel DDS
